

FUEL TANK CLEANING ORDER SLIP

SHIP BY FEDEX OR UPS ONLY

(no packing peanuts)

SHIP TO: MetalWorks Paint & Rust Removal
1182 Bethel Drive
Eugene, OR 97402

- I authorize the required vent/drain hole to be drilled in my tank & understand I will be responsible for repairing it (vent hole is not optional, we will not clean your tank without this hole. Please do not ask us to clean your tank without drilling the vent hole. Also, do not ship us your tank with some delusion we'll clean your gas tank without drilling the required vent/drain hole.)
- I have included a prepaid return shipping label
- I have properly prepared tank for chemical cleaning: removed all screws, bolts, cover plates, sending unit, emblems, and/or anything & everything from the tank
- My tank has a liner inside, I understand that burn oven services will be required, and I authorize the use of a burn oven to remove the liner

Payment made online by credit card upon completion of your tank. Invoice with payment link to be emailed.
